

SEADAC Summer Dance Expo &

Choreography Connection

This summer Southeast Alabama Dance Company will bring together dancers, teachers and choreographers for "an explosion of dance". Produced by SEADAC, this annual Summer Dance Workshop has been introducing the latest dance styles and ideas. Our inspiring faculty will be teaching Classical Ballet, jazz, pointe, contemporary and specialty classes. Three levels of dance will be offered: Beginning/Intermediate for students 8 years old and above with previous dance experience, Intermediate and Advanced. A placement class will be given at the beginning of camp to determine which level each student will be placed. Each level will have a minimum of three classes per day. We are very proud to be able to offer such a wonderful faculty and training opportunity and hope that you will be a part of it. Enrollment will be on a first come first serve basis.
